LIDO BEACH SYNAGOGUE SCHEDULE OF SERVICES

**Below are the responses from the Yeshiva University regarding their participation
in our Simchas Torah celebrations:**

Dear Rabbi Mehlman,

Thank you so much for your email. We are very proud of our students and what they seem to have accomplished in the 81 communities they engaged with over Simchat Torah. Thank you for opening your shul and your heart to them. They benefited greatly by being with you.

Kol Tov,
Rabbi Kenneth Brander
The David Metzner Dean
Yeshiva University Center for the Jewish Future

Dear Rabbi Mehlman,

As most of you probably know, for Simchas Torah I came with a group of collegiates from Yeshiva University to assist the community of Lido Beach to make their Simchas Torah more spiritual. We prepared some Divrei Torah, a panel and songs to enhance the Ruach. I think we gained more from being in this amazing community than any of you did from our programming. We learned so much from the many different types of people in Lido. Everyone in this community is so warm and really welcomed us into the community. We felt so comfortable being there. Everyone made it in their best interest to come over and introduce themselves to us. The entire community opened their homes to us and made it their business to create a personal relationship with our entire group. I would like to thank everyone who hosted us for meals, the Grobs, Koppelmans, Lieberts, Yungers and Rabbi and Mimi Mehlman, for letting us use their homes over the three day Yuntif.
